Area of application

For the disinfection and simultaneous cleaning of alcohol-resistant surfaces. Do not use on acrylic glass, surfaces sensitive to alcohol or paint.

Application

Please test on a small inconspicuous spot before first application. Remove heavy, oily, greasy and protein-based stains in advance. Screw on a sprayer (aerosol-free) or spray nozzle depending on the area of application.

Disinfection and cleaning:

Fully cover surfaces, devices and objects with the undiluted product and keep moist during the reaction time. Leave to dry or wait for the product to take effect and then wipe clean with a dry disposable towel. Consumption: 7.0–50.0 ml/m².

Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. For professional use and private consumers. Use biocides safely. Always read the label and product information before use.
