

DIWA-Evo

Glass and dishwashing liquid

- ▲ Dishwashing liquid for commercial single-tank and multi-tank dishwashers
- ▲ Fast and thorough removal of food residue, as well as tea and coffee remnants
- ▲ Reduces the build-up of starch on items
- ▲ Very effective for all water hardness levels
- ▲ Prevents the formation of limescale deposits
- ▲ Free from NTA, chlorine and phosphate
- ▲ Protects the material

Area of application

For all types of alkali-resistant items made of porcelain, glass, stainless steel and plastic. Do not use to clean aluminium, rubber and items with sensitive decorations.

Application

Please test on a small inconspicuous spot before first application. Consult the manufacturer's instruction manual.

Mechanical dish washing:

The dosage values lie between 1.5–5 g/L of water.

Dosage takes place using the machine's integrated dosage mechanism or with the programmable KIEHL dosage devices. In order to achieve the best possible cleaning result, the dosage is based on specific conditions (water hardness, level of soiling, type of machine).

Consumption depends on the specific conditions and specifications.

Ensure an optimum cleaning result by combining with the rinse aid DIWA-Pronto. When replacing the product, the dosage device and attached hoses must be thoroughly rinsed with water.

Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

Ingredients (according to 648/2004/EC)

Amphoteric surfactants < 5%, alkalis, corrosion protection.
pH value (concentrate): approx. 13.5

pH value (ready-to-use solution): approx. 10.5

Classification

Classification (in concentrate): GHS05, Danger. H314 Causes severe skin burns and eye damage. P280 Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P308+P313 IF exposed or concerned: Get medical advice/attention. Contains: Sodium Hydroxide (INCI)
