

# FM43

SINGLE DISC MACHINES

**The ideal single disc machine for heavy duty cleaning  
and treatment of all types of hard floors**

 **FIMAP®**

# FM43

FM43 is a single disc machine robust and easy to maintain. With a stainless steel frame and PPL coating, it combines efficiency and versatility together with a modern ergonomics.

It can be equipped with a 7 Kg extra weight, upon request. Moreover the removable power cable makes transport and service easier.

It is equipped with a new nylon gear box for long life, high reliability and quiet operation.

It is suitable for:

- Water scrubbing of hard and vinyl floors
- Foam or powder carpet cleaning
- Dry maintenance: stripping and polishing of vinyl floors.

It is equipped with a safety system through which the machine activation depends on the simultaneous pressure of the handlebars levers and dead's man button. When the levers are released the machine stops

The operator can adjust the handle to any of the numerous pre-set levels to obtain the most suitable working position

TECHNICAL DATA		FM43
Drive		Nylon gearbox drive
Working width	cm	43
Brush Ø	cm	43
Disc brush rotations	rpm	160
Power supply	V/Hz	230/50

TECHNICAL DATA		FM43
Tank	l	15
Pad holder	cm	43
Power	W	1100
Machine dimensions (L x h x w)	mm	565x1160x450
